Tourism Quality Assurance of Newfoundland and Labrador *Camping Select Program*

Under the *Tourist Establishment Regulations* a trailer park/campground establishment can only be licenced if it has been inspected and holds a minimum one star facility rating according to criteria of the Camping Select Program.

Under an agreement with the Department of Tourism, Culture, Industry and Innovation, the Camping Select Program is independently administered by Tourism Quality Assurance of Newfoundland and Labrador (TQA). An employee with TQA conducts the assessment of a property and determines the facility and recreational star rating based on the Camping Select prescribed criteria. The assessment only occurs after the establishment has met all other regulatory requirement. A fee is charged for the assessment and must be paid before the property rating is submitted to the Department of Tourism, Culture, Industry and Innovation.

It is important to note that the Department of Tourism, Culture, Industry and Innovation will only issue a Tourist Establishment Licence after a property has received all other regulatory permits/ approvals and has been assessed and rated by TQA (and the fee has been paid to Tourism Quality Assurance of Newfoundland and Labrador).
